

Arkansas Site Selection Center Demolition Plan

This plan is a requirement for listing a **site** in the Arkansas Site Selection Center database if there are structures on the property. The ASSC is not requiring that the structure to be demolished. The plan is to give an estimate of cost and timetable for a complete structure(s) removal for development purposes.

			Cost of Removal
Site Name on ASSC	Clark County Super Site		
Site City	Bum Springs		
Age of structure(s) on the site.	16 years
